*If you are booked onto a Bee Active activity, a sports pack will be provided and delivered to your door

* If you are booked onto a Staffordshire Wildlife session, each session will come with a kit of natural items or resources to help participation in the session, bags can be collected from Westport Lake visitor centre, or if this is something that you are unable to do, please contact AFC.

The session will use lots of visual props and sensory activities with a nature theme. The sessions' structure will consist of greetings, activities and crafts, showing off creations and will end with a mindful moment, listening to sounds of nature.
